

Specimen Collection Swab

Introduction

Production Information

Product Name	Disposable Specimen Collection Swab
Function:	Collect the biological samples from human oral, nasal , throat, cervix urinary
Sterilization:	Irradiation
Validity:	2 years
Tip Material:	Nylon Flocked , Sponge , Rayon, Rayon Flocked
Stick Material:	Medical Grade Plastic PP, ABS

Features

- **Nylon Flocked Tip**

Superior sample collection and elution,
DNase and RNase free and do not contain PCR-inhibitory agents.

- **Medical Sponge Tip**

Medical grade polyurethane foam: Density - 1.75lb/cu.ft ; Pore size - 100 pores/in²± 20%)

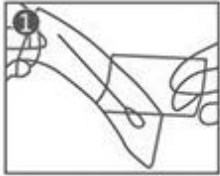

- **Molded Breakpoint**

Molded breakpoint handle, swab head easily broken into transportation tube

- **Individually Packed**

Irradiation sterilization, individually packed in paper-poly pouch.

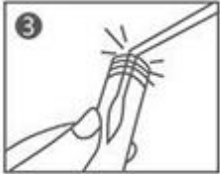

Step for Usage

Open the package and take out the sampling swab

After collecting the sample, put it into the sample tube

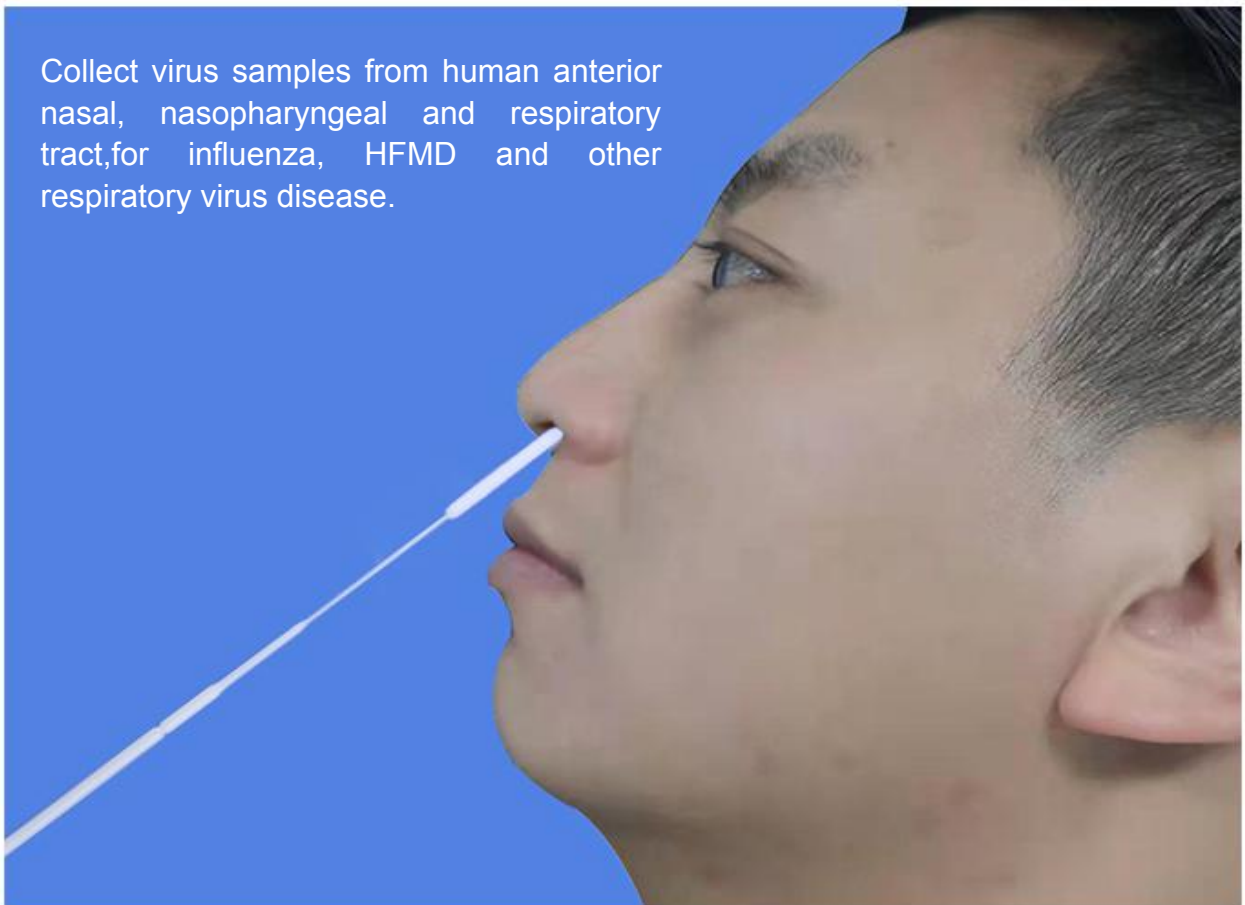

Break the swab rod along the breaking point of the sampling swab, and leave the swab head in the sampling tube

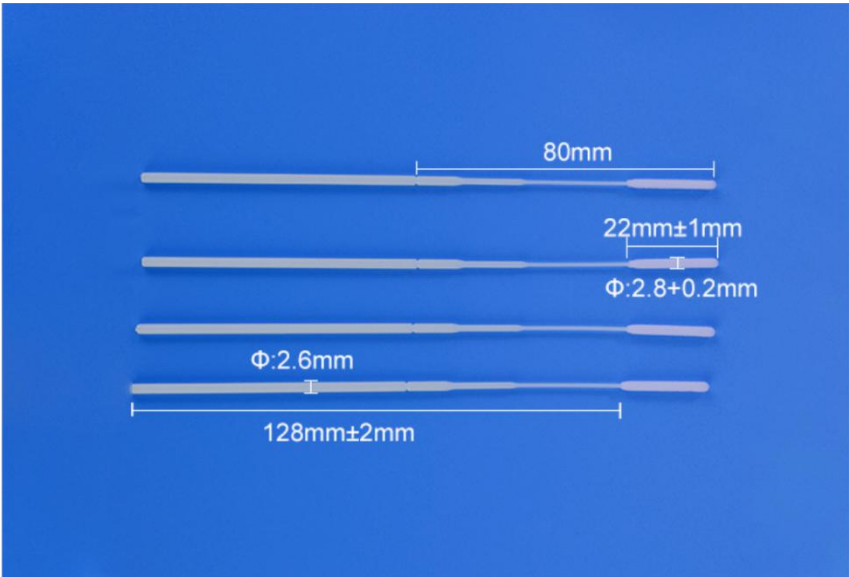

Tighten the pipe cover and indicate the collection information

Product Display

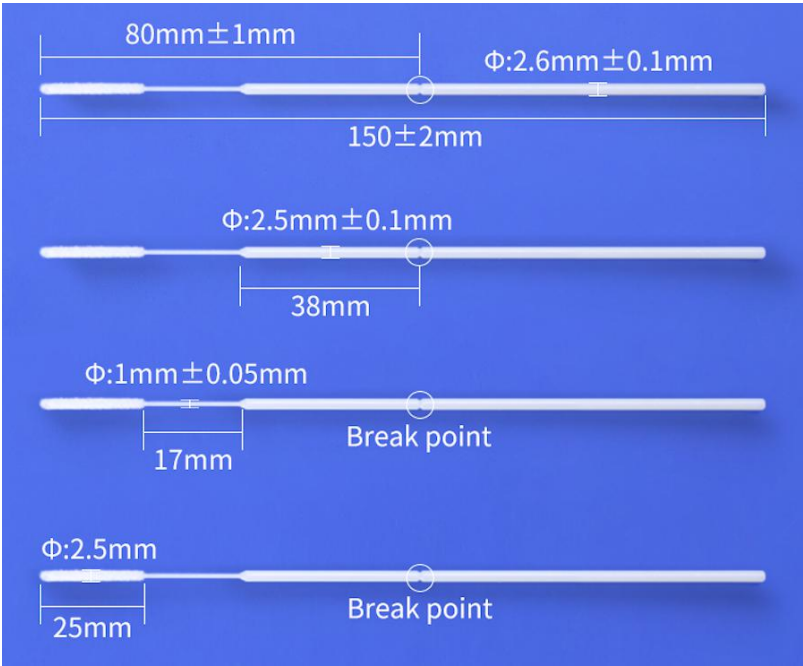

Collect virus samples from human anterior nasal, nasopharyngeal and respiratory tract, for influenza, HFMD and other respiratory virus disease.

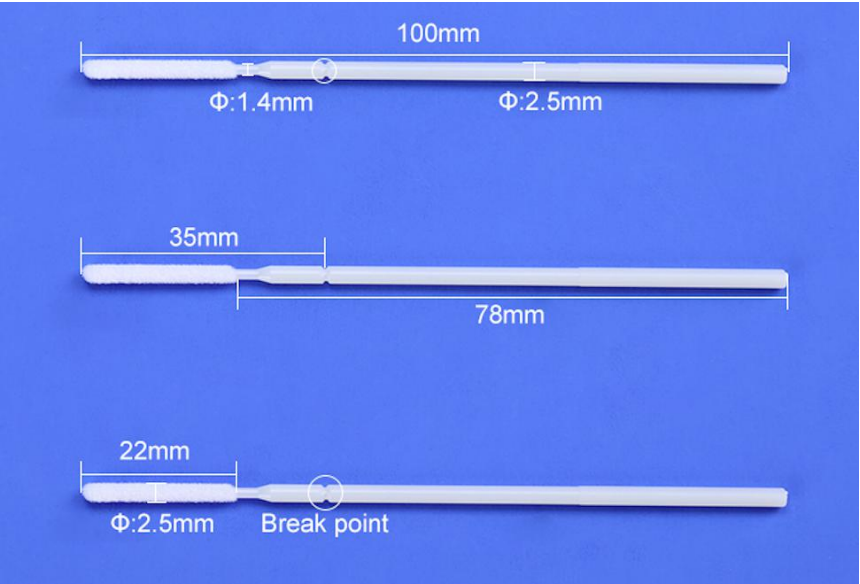

Model Number:	NFS-TB
Product Code:	150X8LMZ22ZR
Tip Material:	Nylon Flocked
Stick Material:	ABS

Model No.:	NFS-TB
Product Code:	150X48MMZ22ZR
Tip Material:	Nylon Flocked
Stick Material:	ABS

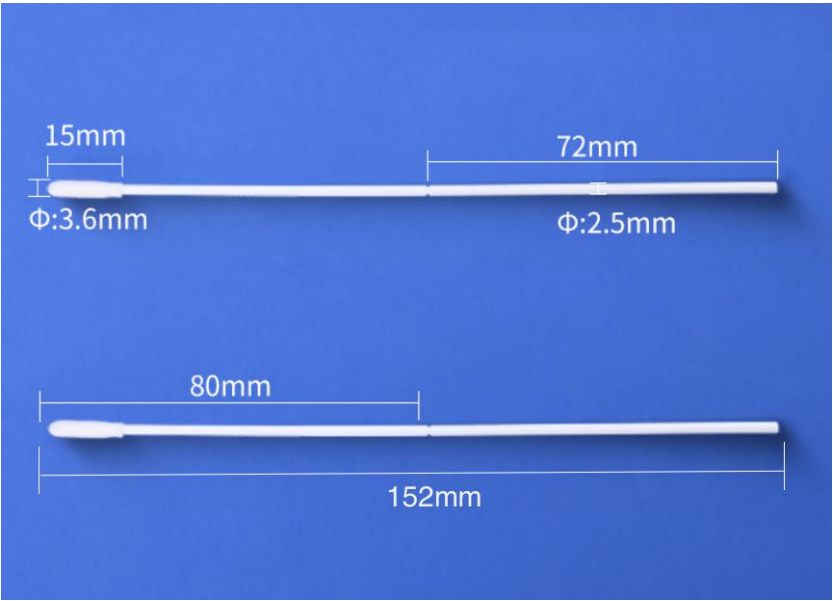

Model Number:	NFS-TB
Product Code:	150X4-4LMZ25ZR
Tip Material:	Nylon Flocked
Stick Material:	ABS

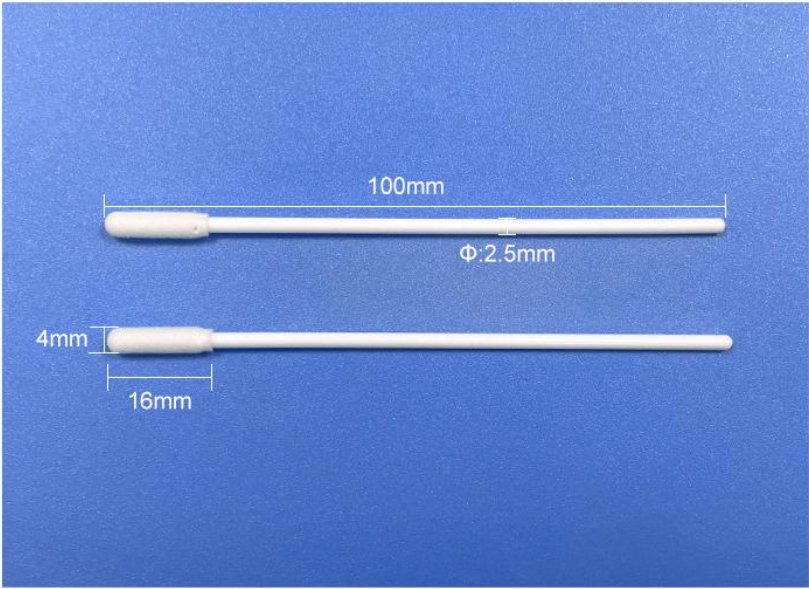

Model No.:	UFS-TA
Product Code:	100X35HMZ22ZR
Tip Material:	Nylon Flocked
Stick Material:	ABS

Model No.:	NFS-T
Product Code:	150X8LMZ22ZR-TLS
Tip Material:	Nylon Flocked
Stick Material:	ABS

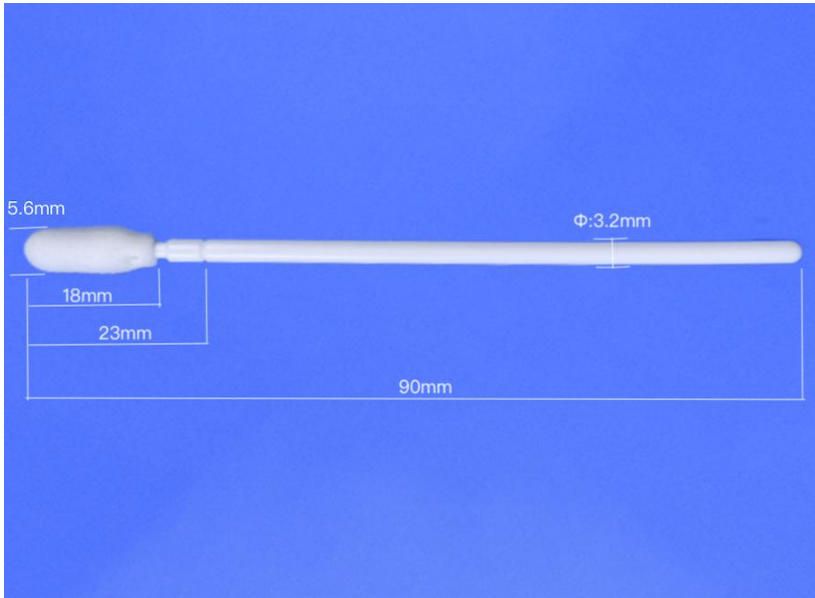

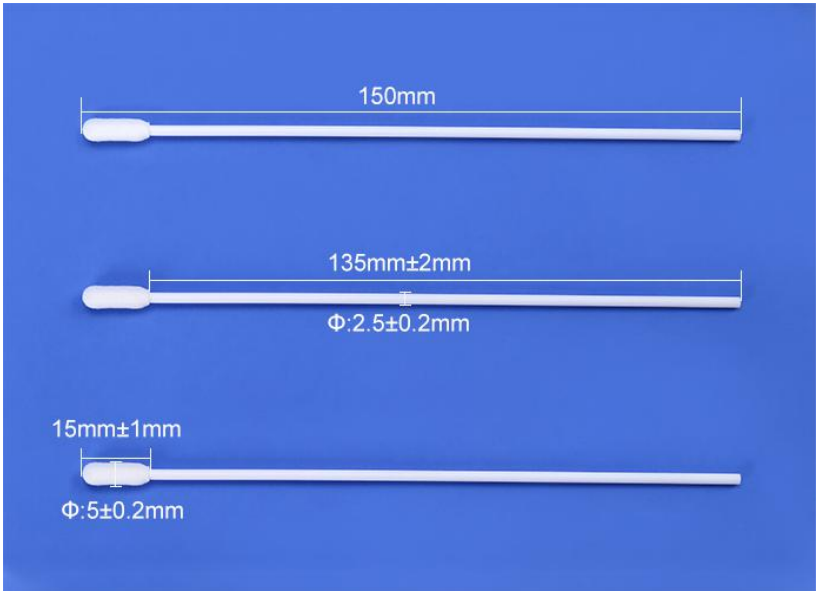

Model No.:	FS-H10
Product Code:	1508LMZ15HM
Tip Material:	Medical Sponge
Stick Material:	PP

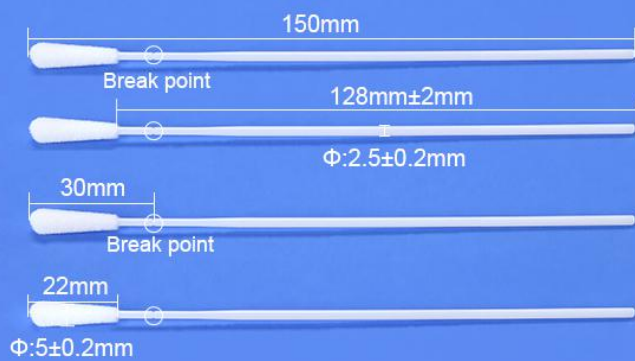

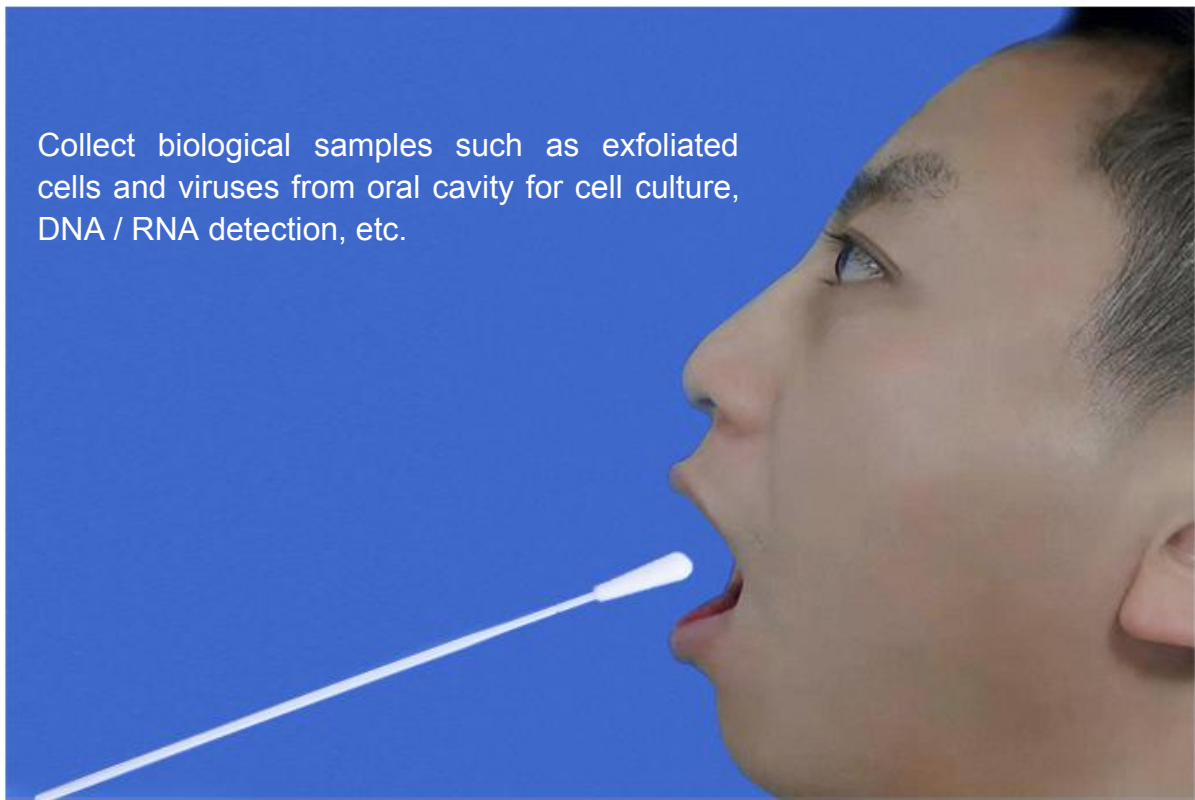

Model No.:	FS-H10
Product Code:	100JA
Tip Material:	Medical Sponge
Stick Material:	PP

Model No.:	FS-H10
Product Code:	15015HM
Tip Material:	Medical Sponge
Stick Material:	PP

Model No.:	FS-H13
Product Code:	9024MMZ18HM
Tip Material:	Medical Sponge
Stick Material:	PP

Collect biological samples such as exfoliated cells and viruses from oral cavity for cell culture, DNA / RNA detection, etc.

Model No.:

TFS-TC

Product Code:

1503LMZ22ZR

Tip Material:

Nylon Flocked

Stick Material:

ABS

Model No.:

TFS-TD

Product Code:

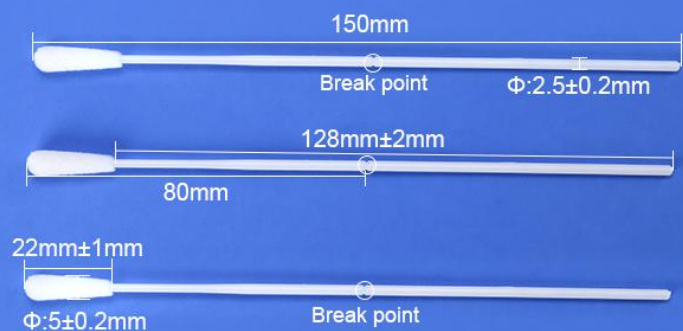

1508LMZ22ZR

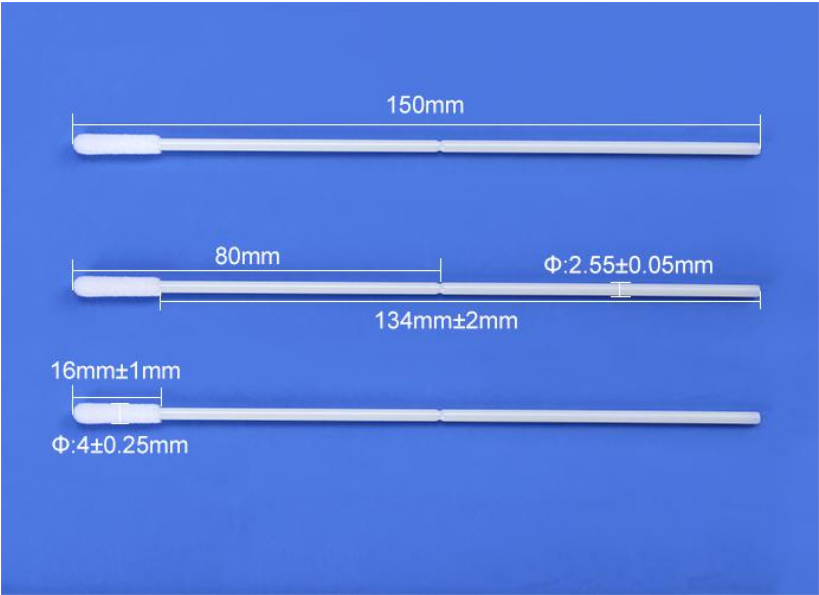

Tip Material:

Nylon Flocked

Stick Material:

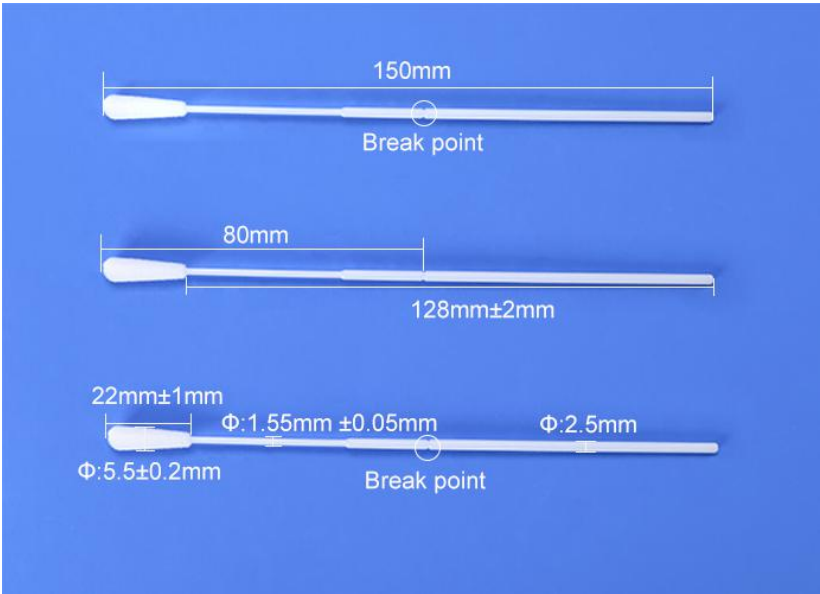

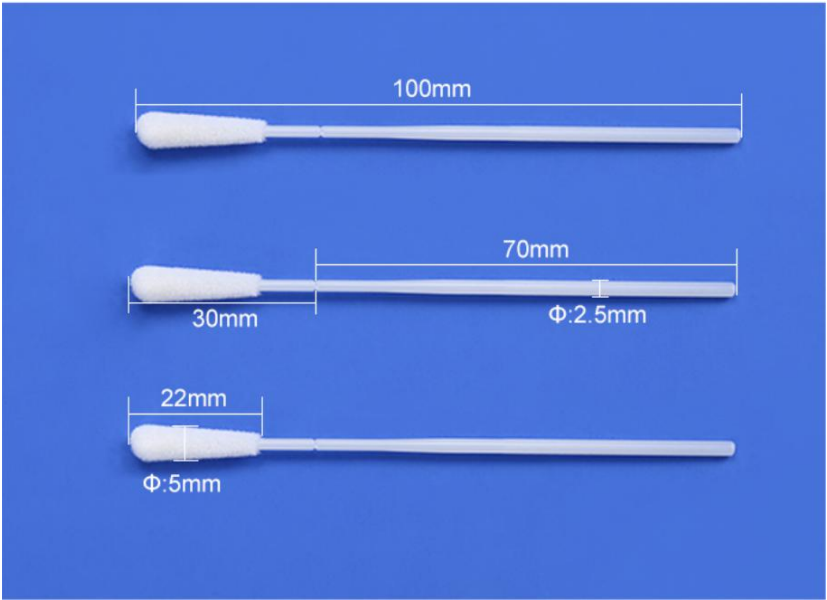

ABS

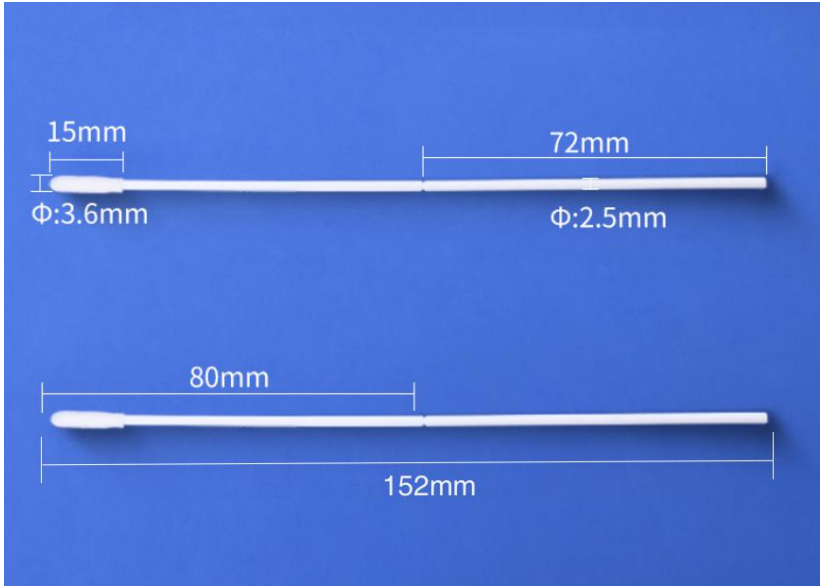

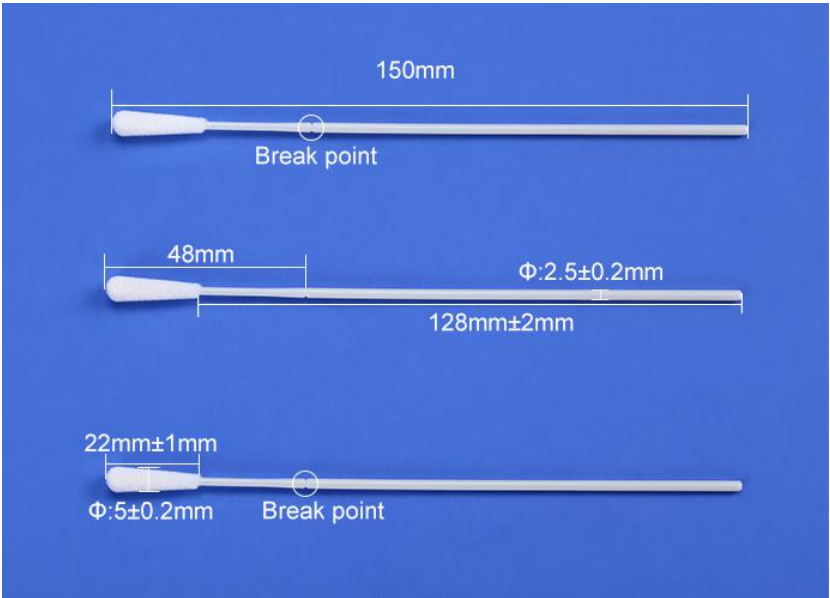

Model No.:	TFS-TD
Product Code:	1508LMZZGZR
Tip Material:	Nylon Flocked
Stick Material:	ABS

Model No.:	TFS-TE
Product Code:	1003LMZ22ZR
Tip Material:	Nylon Flocked
Stick Material:	ABS

Model Number:	TFS-TF
Product Code:	1506-2LMZ22Z
Tip Material:	Nylon Flocked
Stick Material:	ABS

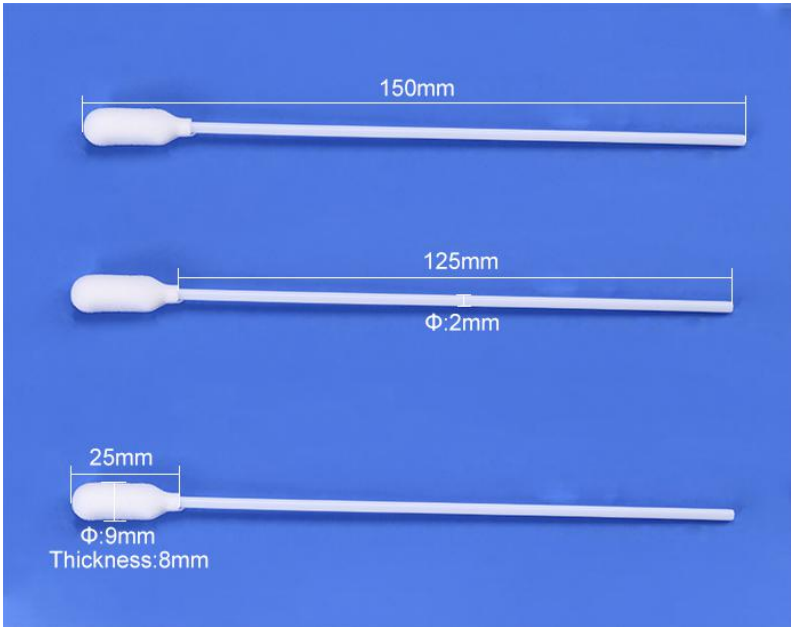

Model No.:	TFS-TG
Product Code:	15048HMZ22ZR
Tip Material:	Nylon Flocked
Stick Material:	ABS

Model No.:	FS-H10
Product Code:	1508LMZ15HM
Tip Material:	Medical Sponge
